

Accessibility & Safety Guide

Accessibility Quick Guide
Available at Guest Services

INTRODUCTION:

Funtown Splashtown USA is proud to offer this Accessibility and Safety Guide for guests with disabilities. Over the last few years Funtown Splashtown USA has taken many strides to ensure that our parks are accessible for all guests. In 2012, an ADA consulting firm was hired to aid us in ensuring an accessible facility for all guests.

If you have any questions about this guide or our policies on guests with disabilities please visit Guest Services or seek out a Team Member. Please note that this is only a guide and that you only know your own limitations and what you are capable of riding. Thus, you should not solely rely on this guide to determine whether you are capable of riding an attraction. You must rely on your own judgment and not that of Funtown Splashtown USA.

GUEST SERVICES:

Guest Services is located at the standalone building with the green awning to the left of the Main Entrance to the park. Guests with disabilities can obtain bracelets, an exit pass, an accessibility guide and have any questions answered at Guests Services.

PARKING FOR GUESTS WITH DISABILITIES:

Non-ambulatory guest parking is located near the Main Entrance. These parking spaces are clearly marked. Make sure that your vehicle is equipped with a disabled state license plate or permit that is clearly visible. If you do not have the disabled plate or permit, and are in need of one of these parking spaces, please go to Guest Services to inform us.

EXIT PASS:

An exit pass for a guest with disabilities can be obtained at guest services. This pass will allow the guest and a companion to enter the attractions via the exit (Excludes the Splashtown Water Park.) Guests with disabilities can also stay on the attraction as long as they like. This excludes the Grand Prix Racers (two rides) and the front and back seats of Excalibur. Some attractions will require loading via the entrance or via a small flight of stairs. Please locate the attraction and its loading information for guests with disabilities in this guide. Otherwise, you can always ask the Team Member at the attraction for the proper loading area. Always wait for the Team Members signal before entering the attraction.

WHEELCHAIR RENTAL:

Wheelchairs can be rented for \$10 at the main gate. ID is required for rental. Wheelchairs are available on a first-come, first-served basis. Personal wheelchairs are permitted in the parks. We do not rent Electric Service Vehicles but they are allowed in the park. For the safety of all guests, scooters, mopeds and Segway's are not permitted inside the park.

If your party includes an individual with Autism Spectrum Disorder, please see a cashier so we may help make your visit more comfortable. You can obtain a sticker or a temporary tattoo version of this symbol. Wearers of this sticker/tattoo can ride attractions in the Funtown USA Ride Park that display this symbol on the height stick regardless of the posted height restrictions. Look for the symbol in the rides listing attached.

LOCKERS:

Lockers are available for a rental fee of \$10.00 with a refundable deposit of \$10.00. Lockers are located in the Funtown USA Ride Park at the Heritage House of Gifts (Opens 1 hour after the park opens) or at the Horizons Tiki Bar Gift Shop in the Splashtown USA Water Park.

SERVICE ANIMALS:

Guests with disabilities and their service animals are permitted in Funtown Splashtown USA. Service animals must be under their handler's control and on a leash at all times. Depending on size, service animals may be permitted on some of the attractions. In cases where a service animal is not permitted, a companion must remain with the animal.

FIRST AID:

Funtown Splashtown USA is proud to provide licensed Emergency Medical Technicians to meet the needs of all our guests. Should you need medical attention please seek out one of our Team Members and a member of our medical staff will be sent meet you.

RESTROOMS:

All restrooms at Funtown Splashtown USA are accessible for guests with disabilities. Each restroom facility has at least one handicap stall and a sharps disposal unit. Restrooms are located outside the Main Entrance, inside the Main Entrance, at Poncho's Restaurant, between the Merry-Go-Round and the Heritage House of Gifts, inside the Splashtown USA Water Park Main Entrance and next to the Mount Olympus Waterslides.

RESTAURANTS AND GIFT SHOPS:

All restaurants and gift shops in Funtown Splashtown USA are accessible to guests with disabilities. All restaurants have accessible ordering and pick-up locations as well as accessible condiment stations. Please ask one of our Team Members if you need assistance with seating, ordering or transporting food trays.

COMPANIONS AND TRANSFERS

Guests with visual or mobility impairments may need the assistance of a companion when transferring from a wheelchair to the ride vehicle, during loading, and during unloading. Funtown Splashtown USA's Team Members are not trained in assisting a guests transfer to the ride vehicle from a wheelchair or physically assisting during loading or unloading. Some attractions are able to prolong the loading or unloading times to meet the needs of guests that require extra time. In these situations you must inform the operator that extra loading time will be needed.

EVACUATIONS:

There is the potential for ride evacuations on the Excalibur, Thunder Falls Log Flume and the Wild Mouse due to a power loss, weather or mechanical problems. Evacuations may require you to navigate steep and narrow stairs or a catwalk from high locations. Companion assistance may be needed. You should keep this in mind when determining whether or not you should ride a particular attraction.

GENERAL SAFETY RULES:

All attractions in Funtown Splashtown USA are labeled with clear signage that states the attractions requirements and recommendations. Though not listed at all attractions, we do have general safety rules that apply to all attractions:

- ❖ **Riders must maintain an upright and controlled seating position until the attractions end.**
- ❖ **Infants must be able to support their own weight in order to ride. Infants must sit on the ride vehicle seat and not another riders lap.**
- ❖ **Safety devices must always be worn at all times.**
- ❖ **Picture taking via phone or camera is not permitted while riding.**
- ❖ **Shoes are required in the Funtown USA ride park and on all attractions.**
- ❖ **Shirts are required on all attractions with the exception of the Thunder Falls Log Flume and the Adult Bumper Boats.**
- ❖ **All loose articles must be secured before riding. This includes: Hats, Head Gear, Cell Phones, Wallets, Purses, Bags, Glasses, selfie sticks, and anything else that poses a safety risk.**
- ❖ **No personal items can be left with a Funtown Splashtown USA Team Member.**
- ❖ **Funtown Splashtown USA is not responsible for any lost, damaged or stolen items.**
- ❖ **You are responsible for your own personal property.**
- ❖ **Food and drinks are not allowed on any attraction.**
- ❖ **Smoking is permitted in the two designated smoking areas only.**

MAINE RIDER SAFETY CONDUCT

LAW:

Maine State Law requires riders of amusement rides and slides to obey all warnings and directions (visual and oral) and to behave in a manner that will not cause harm to themselves or others.

The Code of Conduct states that riders must refrain from acting in any manner that may cause or contribute to injuring the rider or others, including:

- (1) Exceeding the limits of the rider's ability;
- (2) Interfering with the safe operation of the amusement ride;
- (3) Not engaging any safety devices that are provided;
- (4) Disconnecting or disabling a safety device except at the express instruction of the ride operator;
- (5) Altering or enhancing the intended speed, course or direction of an amusement ride;
- (6) Using the controls of an amusement ride designed solely to be operated by the ride operator;
- (7) Extending arms and legs beyond the carrier or seating area except at the express direction of the ride operator;
- (8) Throwing, dropping or expelling an object from or toward an amusement ride except as permitted by the ride operator;
- (9) Getting on or off an amusement ride except at the designated time and area, if any, at the direction of the ride operator or in an emergency; and
- (10) Not reasonably controlling the speed or direction of the rider's person or an amusement ride that requires the rider to control or direct the rider's person or a device.

PHYSICAL RECOMMENDATIONS:

All attractions in Funtown Splashtown USA have listed physical recommendations. Please review all signage at each attraction before deciding if you should ride. The following are limitations you will see at the attractions:

- ❖ Recent surgery or illness
- ❖ High Blood Pressure
- ❖ Heart trouble or conditions
- ❖ Pregnancy
- ❖ Back, Neck or Bone injuries

RIDE AND SLIDE RATING SYSTEM:

This guide uses the following rating system to identify the intensity of the attractions listed in this guide. This rating system should only be used as a guide when determining whether or not you are capable of riding an attraction.

Mild: Attractions that have low speeds, low heights, predictable maneuvers and turns of a low intensity.

Moderate: Attractions that have medium speeds, medium heights and some unpredictable twists turns or maneuvers with moderate thrills.

Thrill: Attractions that have high speeds, extreme heights, visual thrills and unexpected twist, turns or maneuvers.

Please remember that these are only general descriptions to aid you in determining whether or not an attraction is suitable for you. Some rides that are listed as Mild or Moderate may have unexpected thrills for even the most experienced rider. You must use your own judgment when deciding whether or not an attraction is right for you.

AMUSEMENT RIDES

The following is an alphabetical list of the amusement rides in the Funtown USA ride park. Please note that all rider requirements must be met in order to ride that attraction. In addition, do not ride if you have any of the listed conditions. Ride information will describe the loading location and procedure for guests with disabilities as well as the safety requirements for that attraction.

Do not solely rely on this guide to determine whether or not you are capable of riding an attraction. You must rely on your own judgment and not that of Funtown Splashtown USA.

RIDE ACCESS:

All attractions in Funtown Splashtown USA are accessible via an entrance or exit. Guests with disabilities should use this guide when determining whether or not to access the ride via the entrance or the exit. This includes riders with an "Exit Pass". Some attractions are unsafe to access via the exit. Please always ask the attractions Team Member to learn the safest means of entry.

- Must be able to step up, down and into the seat.
- Riders must sit in an upright position and control seated posture.
- Riders must keep their arms and legs inside the ride vehicle at all times.
- This ride has front to back and side to side forces.
- This is a very aggressive ride with abrupt braking.
- Must be able to fit with the lap bar clicking at least 2 times.
- Must be able to fit in the seatbelt.
- A smaller rider sitting with a large rider is required to use the lap bar pad extension. The operator will make the determination and provide the pad if needed.

WATER SLIDES

The following is an alphabetical list of the slides and attractions in the Splashtown USA Water Park. Please note that all height, weight, and safety requirements must be met in order to ride that slide or attraction. In addition, do not slide if you have any of the listed conditions. Slide information will describe the loading location and procedure for guests with disabilities as well as the safety requirements for that attraction. Do not solely rely on this guide to determine whether or not you are capable of riding a slide or attraction. You must rely on your own judgment and not that of Funtown Splashtown USA.

ACCEPTABLE SWIMWEAR

For the safety of all guests, and in maintaining a family atmosphere, the following is required for swimwear in Splashtown USA.

- Swimsuits are required for all attractions.
- No provocative or thong swimsuits.
- No long pants, dresses or cutoff shorts.
- No clothing with buckles, belts or metal ornaments can be worn when using the waterslides.
- No oversized, loose, flowing or baggy clothing that cannot remain at or above the waist line without support.

- No clothing with rivets/grommets. Bunkz™ that cover grommets are available for purchase at the Horizons Tiki Bar.
- Eye glasses must have a strap.
- Only prescription goggles are allowed.
- Water shoes can be worn on all slides and pools with the exception of Poseidon's Plunge and Triton's Twist.
- Children with diapers are required to wear Swim Diapers. Available for purchase at the Horizons Tiki Bar.

SLIDE ACCESS

All slides in the Splashtown USA Water Park are accessible via multiple flights of stairs. The "Exit Pass" is not valid in Splashtown USA since all waterslides cannot be accessed via an exit. The Pirates Paradise Aqua Play has a zero-depth entry but does require you do enter the attraction via two different sets of stairs or a rope ladder.

POOL ACCESS

Splashtown USA has one wading pool that is located between the Corkscrew and Splash Slides. The pool is 3.5-feet deep and has stairs for entry. Splashtown USA is proud to offer a lift for guests with mobility disabilities. The lift has a maximum weight of 350lbs. Please see a Splashtown USA Team Member for assistance. The Family Fun Lagoon is a zero-depth entry pool for younger guests. The pool is 1.5-feet deep at the deepest point.

FLOTATION DEVICES

Life vests are available on a first-come, first-serve basis. Guests are allowed to bring their own authorized flotation devices into the water park. Authorized flotation devices include life vests, water wings, and child tube trainers. Guests with their own flotation devices must be monitored by a responsible adult at all times.

TUBES AND MATS

All tubes and mats in Splashtown USA are FREE of charge! Riders are responsible for maintaining the required sliding position (sitting, head first or feet first) for each slide and throughout the duration of sliding. Sliders are responsible for maintaining grip on the handles of the tube/mat if present. Do not leave your tube or mat while on the slide for any reason.
